

WELCOME TO TUROE PET FARM & LEISURE PARK

YOUR 'ONE-STOP' SCHOOL TOUR VISITOR ATTRACTION

With over 25 years experience, we have developed a package that will fulfil all the children's needs and help make it a day to remember for all involved.

As we are a family run enterprise, we pride ourselves on giving personal attention to each group, so both the teachers and pupils can enjoy their day.

On arrival, you will be met by our coordinator, who will work with your group to organise your day and to ensure adequate time in each area. Firstly, they will escort your group to the indoor picnic area, where there is allocated seating provided for your group. This works as a base for your group for the day, so they can safely leave their bags and coats while they enjoy our facilities.

We have two indoor play areas; Jungle Town, and the main attraction Inflatable City - Europe's largest bouncy castle.

Our dedicated staff will supervise your group while in these indoor play areas. We also have a section in both play areas allocated for children with special needs. Your group will also get a personal guided tour around the 14 acre farm.

Each child will get an opportunity to feed all the animals and there is no need for wellies as there is an all-weather walkway around the farm.

Don't forget you will get an opportunity for you and your fellow teachers to get a "quiet" moment to enjoy complimentary tea/coffee and scones.

We look forward to seeing you in the near future.
Mary Corcoran & Family
